

**PIX Europe**

Advanced Photonic Integrated Circuits

## MINUTES

Funded by  
the European Union

Meeting		(Name of the Meeting)
Date & Time	13/02/2026 9:00 am	
Participants	Marina Santana (MS) Carlos Domínguez (CD) Noelia Cuesta (NC) Ana Aguarod (AA) Raphael Denneulin (RD) - AMIRES Marika Kurova (MK) - AMIRES Joao Leite (JL) Padraic Morrissey (PM) Sergi Ferrando (SF) Valerio Pruneri (VP) Peter O'Brien (POB) Katia Panina (KP) Luis Guillermo Gerling (GG) Guillaume LePalud (GL)	

## Agenda

1. Review of first draft of Data Management Plan (DMP)

## Meeting notes

- **DMP Horizon Europe (HE)**
  - a. **Question: How to implement fabrication information to make data interoperable – requires inputs from all the partners. In this case, what is a realistic timeline for the deliverable?**
  - b. It is agreed that this deliverable will cover a high-level description of how to deal with interoperability issues and how partner data will be collected, without going into detail. Partner data will be collected over the next few months.
  - c. CD emphasises the difference between scientific and technical data. HE DMP should cover both.
  - d. AA will send ICFO's template for HE data management to MK and RD
- **DMP Digital Europe (DEP)**
  - a. CD, JL and NC shared information on structure of internal vs. external data, using CISC's software (Bacco) software as an example.
    - i. Internal – for each institution
    - ii. Internal – for all institutions
    - iii. External – for end-users
  - b. **Internal data - Equipment:**

- i. Covering list of equipment, tendering processes, installation of tool, status of each tool
- c. **External data - Gateway and Open Access**
  - i. Gateway and Open Access under development
  - ii. DMP will be kept high level for now using inputs from JePPIX
  - iii. DMP DEP should reference deliverables related to equipment (WP 3 HE)
  - iv. Question: PDK data under HE or DEP? CD and VP: PDK developed under HE (internal, confidential), then transferred to DEP and uploaded to design platform for external users
- MK and RD will gather these inputs and send draft on Monday ahead of SC and MCT meeting (18-19 Feb 2026, Barcelona)
- It is agreed to make room in the agenda for a longer discussion in person on DMP
- Meetings will be organised after SC and MCT meeting to update partners on status and gather inputs

## Action Items

Item	Responsible	Due Time
<b>Send ICFO's HE data management template to AMIRES</b>	AA	ASAP
<b>Draft of HE and DEP DMP sent to MCT</b>	MK and RD	16/02/26
<b>Update SC/MCT meeting agenda and shared with participants</b>	MS	16/02/26
.....	.....	By 00/00/2000
